

Onward Israel Program Entry & Quarantine Requirements – FOR NON-MASA PROGRAMS

- Please note the information outlined below is only applicable for programs that are considered Onward Israel Non-Masa programs.
- Vaccinations MUST be one of the following recognized and accepted vaccinations in Israel: Pfizer, Moderna, AstraZeneca, Sinovac, Sinopharm, Johnson and Johnson, Serum Institute of India, and Sputnik*.
- For any vaccination to be counted as valid, the vaccination must have been administered at least 14 days prior to the program start date.
- Participants will be asked to provide official state vaccination certificates including dates and/or recovery documentation which shows a positive PCR test result obtained from a certified laboratory to both the airline and border control upon arrival in Israel.
- Participants must NOT have visited a red country within 14 days of arrival to Israel otherwise entry to Israel will be denied. Check here to see if a country is on the [red list](#).
- All participants must carry out a PCR test within 72 hours before their departure flight to Israel.
- Participants who hold Israeli citizenship, may be subject to different entry & quarantine requirements. Participants should contact their program organizer for more clarification.
